

FOR IMMEDIATE RELEASE

Santa Clara, California, United States of America, Summer 2012:

So many alcohol brands are vying for your attention now. Most don't capture your eye much less your taste buds as well as STUNNA ULTRA PREMIUM LIQUEUR (STUNNA). Take one look at the STUNNA bottle and its regal attention getting design instantly stands out. A tall beautifully frosted bottle decorated with rich pewter labels; complete with a set of real metal dog tags. Up top, you'll find a premium cork design allowing you to save a little; just in case you don't finish the bottle you can re-cork to share later with others.

But please don't stop at the looks. STUNNA has something surprising for you as soon as you start to pour... The color is a bright green that looks as if it glows! Some have mentioned it resembles "liquid kryptonite". Now pouring into your glass is one of the most pleasing drinks ever to touch your tongue. STUNNA blends an exotic collection of Premium Vodka, Tropical Rum and Smooth Tequila infused with hints of natural melon and citrus flavors. Never has so much come together to make something so delicious!

STUNNA is so much more than a drink to be enjoyed. It's a drink to be experienced in so many different ways. This becomes immediately evident whether you have it by itself or when you start to make some of our signature recipes like the "STUNNA Breeze" which is perfect for the summer. The "STUNNA Breeze" combines 2 parts of STUNNA, a splash of your favorite coconut rum, a splash of pineapple juice and a splash of cranberry juice. Pour this over ice, garnish with a pineapple wedge and enjoy by the poolside! Ladies have really been enjoying the "DIVA" which is simply 2 parts of STUNNA with a splash of cranberry juice served chilled or on the rocks with a twist of lime for something so delicate and flavorful it has to be tried. And after a hard day at work, gentlemen have been opting for our signature "Done Deal" which is 2 parts of STUNNA with a half part of your favorite tequila, pour over ice with a twist of lime and then you have a drink so simple but great tasting that you'll forget the office stresses immediately!
